Goals for recovery:

Continue the exercise program
and get stronger every day!

Therapy required:

Physical and Occupational

Timeline:

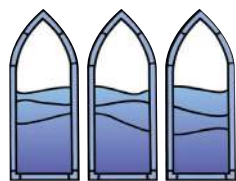

Start of care—February 2, 2024

End of care—February 26, 2024

JoAnn Talbott is an active Assisted Living resident at Our Lady of the Valley. She loves music and participates in the bell and chimes choir. After a recent fracture of her right femur she moved to our Rehab Center to recover. Physical and occupational therapy were prescribed and this has helped her return to the lifestyle she loves. JoAnn is a very positive resident and we love having her at Our Lady of the Valley.

Above, JoAnn enjoys a celebration at Our Lady of the Valley!

"I'm grateful for my Doctors at Carilion and the Rehab Staff at Our Lady who have provided exceptional care and a speedy recovery!"
-JoAnn Talbott
